2009 Preservation Achievement Awards Honor a Wide Range of Accomplishment Regionwide

(March 2, 2009) – A historic African American church, a prisoners’ synagogue, a Victorian industrial village in New Jersey, a publication for owners of Philadelphia rowhouses and the Chinatown Friendship Gate are among the diverse winners of the 2009 Preservation Achievement Awards, made annually by the Preservation Alliance for Greater Philadelphia.

The Alliance will present its Grand Jury Awards to 20 projects in the region and its Special Recognition Awards to individuals and organizations at the 16th annual Preservation Achievement Awards luncheon on Monday, May 11 at the Park Hyatt at the Bellevue.

“Selecting this year’s winners was a particular challenge because of the large number and high quality of nominations for recent historic preservation work completed in 2008,” said Alliance Executive Director John Andrew Gallery. “The 2009 awardees exemplify the depth, breadth and range of historic preservation activity throughout the region. The winners, from large multi-million-dollar restorations to small residential projects and even a publication, all demonstrate excellence in the field.”

In addition to the Grand Jury Awards, the Alliance also gives Special Recognition Awards to honor individuals and organizations whose extraordinary accomplishments in preservation contribute to the region’s unique character and sense of place.

The 2009 Special Recognition Award winners are:

- Hyman Myers, FAIA of VITETTA, recipient of the James Biddle Award, recognizing lifetime achievement in historic preservation. Myers’ long career as a preservation architect includes restoration of the much-loved Pennsylvania Academy of the Fine Arts.
- Nancy Kolb, president and CEO of the Please Touch Museum, recipient of the Public Service Award in recognition of her indefatigable determination in the restoration and reuse of Memorial Hall as the new home of the museum.
