Project Narrative

Upload a **project narrative** (1,500 word minimum; 4,000 word maximum) in .doc or .docx format. This narrative should include:

- An overview of the project.
- The historical significance of the site.
- Any challenges that were overcome in undertaking the project.
- Any unique strategies or activities undertaken.
- The impact of the project on the community and local economy.
- The ability of the project to serve as a model, if applicable.

Please name the file: projectname_narrative

Example: oakschoolrestoration_narrative

.doc and .docx files accepted. No PDFs.

The narrative is heavily weighted in the Jury's consideration of each project. Please give serious thought to this portion of the submission. It is the most important aspect of the nomination.

PLEASE NOTE:

All information identifying project team member names (project owners, contractors, architects, etc.) will be REMOVED from the submission prior to Jury review.

Please assist the Alliance in our effort to be as fair as possible by NOT including any information in your project narrative that links the project to specific businesses and/or individuals.

In the Narrative, we suggest referring to these individuals and businesses as "the architect," "the contractor," "the firm," etc. in lieu of name.

Videos must be submitted in .mp4 format. Due to size limitations, you may email videos to Caroline Slama at cslama@preservationalliance.com.

- Images should illustrate various aspects of the project or program. **Before and after shots of the exterior AND the interior - taken from the same angle - are required.** Significant architectural details should also be included.
